Quran Memorization Program for 3rd-6th grade:

Our Part-Time Quran memorization program has the goal in mind of teaching our students the skills to help them memorize the entire Quran. Half the day would include new memorization, revision, and understanding the meaning (tafseer) and Islamic Studies. Our approach is to focus on the quality of memorization, retention through a strong revision program, as well as having the students understand what they are memorizing (translation and Quran Vocabulary) and being able to apply it to their own lives. Our Islamic Studies program is quite intense and gives our students a strong understanding of our religion with a strong emphasis on memorizing and understanding not only Quran but also Hadith. The other half of the school day is devoted to academics using our custom curriculum based on National Standards focusing on Math, Language Arts, Science and Social Studies.
